

# Life Saving Rules & Safety Principles

## Working at height

I protect myself when working at height.

## Interaction between vehicles and pedestrians

I do not enter an exclusion zone.

## Falling objects

I secure tools, materials and equipment from falling.

If I see something unsafe, I take action to correct it.

I call other people to account about unsafe behaviour and accept that others can also call me to account about unsafe behaviour.

I understand my job and I am aware of the associated risks. If anything is unclear, I stop and ask for additional information.

I only give safe instructions and only follow safe instructions.

## Working on/near energised lines

I do not work on or near live electrical systems, unless authorised and protected

## Lifting operations

I do not position myself near suspended loads, unless authorised.

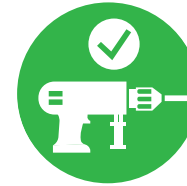

## Use of drugs or alcohol

I do not work under the influence of drugs or alcohol.

I only start work after I have been instructed. I follow these instructions.

I work with approved equipment and only if authorised to use it.

I use my compulsory personal protection equipment.

I keep my workplace clean, safe and tidy.
